1. Follow the full tutorial online at <http://bit.ly/2s8ueXZ>.

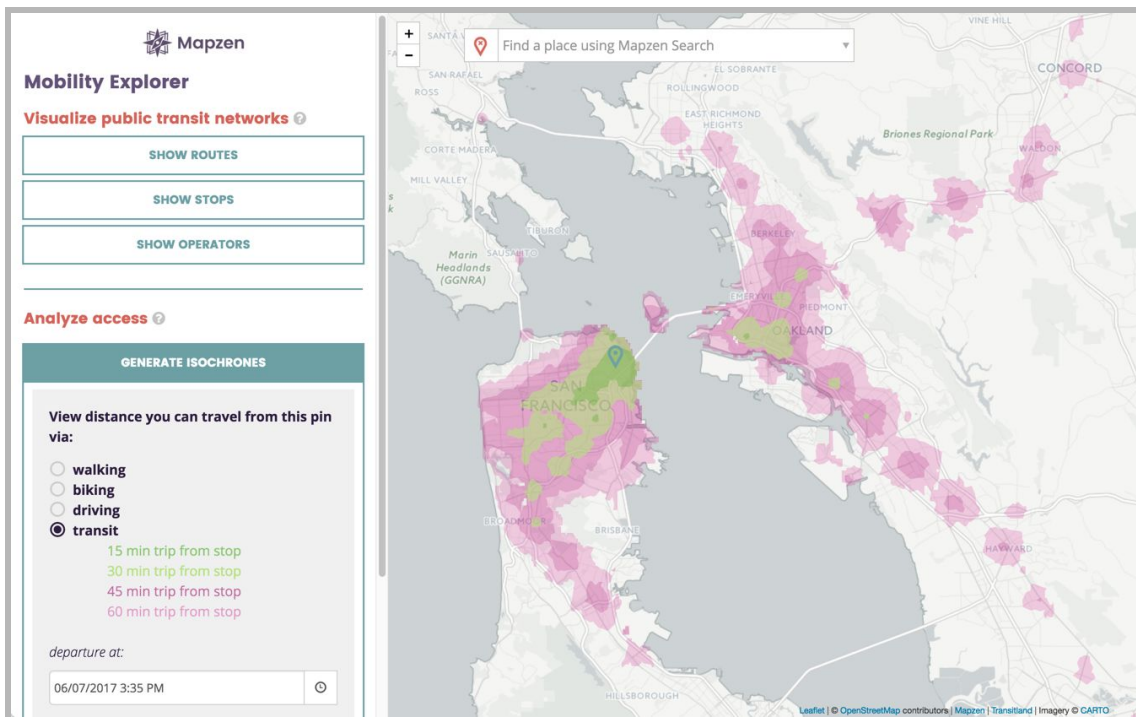

2. Open Mapzen Mobility Explorer at <https://mapzen.com/mobility/explorer> to drill down through transit routes and stops near the SPUR Urban Center:

3. Open a Mapzen Tangram Play scene at <http://bit.ly/2rXrqfx> to customize your own transit map with a subset of Bay Area transit routes and stops:

4. Open Mapzen Mobility Explorer at <https://mapzen.com/mobility/explorer> to generate isochrones (also known as “travelsheds”) to visualize overall access patterns:

5. To see how the Mapzen Isochrone service can help understand many people’s transit options, see an analysis by the Washington Post at <https://www.washingtonpost.com/graphics/local/transit-access/>
